

# Scholarship for Afghanistan

لیست رشته های لیسانس بورسیه ترکیه

- |  |   |   |
|--|---|---|
| 1. Accounting and Financial Management               | 49. Computer Engineering (English)                      | 89. Healthcare Management                       |
| 2. Advertising                                       | 50. Computer Engineering (English)                      | 90. History                                     |
| 3. Advertising                                       | 51. Contemporary Turkish Dialects and Literatures       | 91. History                                     |
| 4. Agricultural Biotechnology                        | 52. Control and Automation Engineering                  | 92. History (English)                           |
| 5. Agricultural Economics                            | 53. Control and Automation Engineering (English)        | 93. History (English)                           |
| 6. Agricultural Engineering Programs                 | 54. Dairy Technology                                    | 94. Horticulture                                |
| 7. Agricultural Machinery Engineering and Technology | 55. Dentistry   | 95. Industrial Engineering                      |
| 8. Agricultural Structures and Irrigation            | 56. Econometrics  | 96. Industrial Engineering (English)            |
| 9. Animal Science                                    | 57. Economics   | 97. Information and Records Management          |
| 10. Aquaculture Engineering                          | 58. Economics   | 98. Information Systems Engineering             |
| 11. Archaeology and Art History (English)            | 59. Economics (English)                                 | 99. International Business                      |
| 12. Architecture                                     | 60. Economics (English)                                 | 100. International Business and Trade (English) |
| 13. Architecture                                     | 61. Economics and Finance                               | 101. International Medicine                     |
| 14. Architecture (English)                           | 62. Economics and Finance                               | 102. International Relations                    |
| 15. Automotive Engineering                           | 63. Economy (English)                                   | 103. International Relations (English)          |
| 16. Banking and Finance                              | 64. Economy (English)                                   | 104. International Relations (English)          |
| 17. Banking and Finance                              | 65. Electrical and Electronic Engineering               | 105. International Trade and Business (English) |
| 18. Banking and Finance (English)                    | 66. Electrical and Electronic Engineering               | 106. International Trade and Finance            |
| 19. Biology  | 67. Electrical and Electronic Engineering (English)     | 107. International Trade and Finance            |
| 20. Biology (English)                                | 68. Electrical and Electronic Engineering (English)     | 108. International Trade and Logistics          |
| 21. Biology Teaching                                 | 69. Electrical Engineering                              | 109. International Trade and Logistics          |
| 22. Biomedical Engineering                           | 70. Electrical Engineering (English)                    | 110. Islamic and Religious Studies              |
| 23. Biomedical Engineering                           | 71. Electronics and Communication Engineering           | 111. Islamic Economics and Finance              |
| 24. Biomedical Engineering (English)                 | 72. Electronics and Communication Engineering (English) | 112. Islamic Economics and Finance              |
| 25. Business Administration                          | 73. Elementary Mathematics Teaching                     | 113. Islamic Sciences                           |
| 26. Business Administration                          | 74. Energy Systems Engineering                          | 114. Islamic Sciences                           |
| 27. Business Administration (English)                | 75. Engineering Physics                                 | 115. Islamic Sciences (Arabic)                  |
| 28. Business Administration (English)                | 76. Environmental Engineering                           | 116. Istanbul Medicine                          |
| 29. Chemical Engineering                             | 77. Environmental Engineering (English)                 | 117. International Trade                        |
| 30. Chemical Engineering (English)                   | 78. Farm Plants   | 118. International Trade                        |
| 31. Chemistry  | 79. Fashion and Textile Design                          | 119. International Trade (English)              |
| 32. Chemistry (English)                              | 80. Fashion Design                                      | 120. International Trade (English)              |
| 33. Chemistry (English)                              | 81. Film and Television                                 | 121. Journalism                                 |
| 34. Chemistry Teaching                               | 82. Geological Engineering                              | 122. Journalism                                 |
| 35. Child Development                                | 83. Geological Engineering (English)                    | 123. Law  |
| 36. Child Development                                | 84. Guidance and Psychological Counseling               | 124. Logistics Management (English)             |
| 37. City and Region Planning                         | 85. Guidance and Psychological Counseling               | 125. Management Information Systems             |
| 38. City and Region Planning (English)               | 86. Guidance and Psychological Counseling               |   |
| 39. City and Region Planning (English)               | 87. Guidance and Psychological Counseling (English)     |   |
| 40. Civil Engineering                                | 88. Healthcare Management                               |   |
| 41. Civil Engineering                                |   |   |
| 42. Civil Engineering (English)                      |   |   |
| 43. Civil Engineering (English)                      |   |   |
| 44. Classroom Teaching                               |   |   |
| 45. Communication Design                             |   |   |
| 46. Computer Education and Instructional Technology  |   |   |
| 47. Computer Engineering                             |   |   |
| 48. Computer Engineering                             |   |   |
